purpose to bring out of the Black man that which he didn't know was in him. And that which existed in him, could be made, if given a form and given the knowledge of the Blackman, could rule the Blackman. For a certain number of years until a greater one than he has been produced.

So this is what our Saviour, Master Fard Muhammad found in us, and He came for us to save us, because we are a people belonging to the Creator. We are not a made people, we are a created people.

We have today another people, white people who could be made from us. As we stand now, regardless of how white the germ is we still contain the germ. This is why we do funny (acts) because the germ is still in us.

So the great scientist by the name of Yacub, he brought it out of us and gave the germ a form and then taught that form his wisdom and told this made man: 'Go forth, be faithful, work fast you've got six days. And after that six days, on the seventh day your brother, coming from the East, is going to eat you up.'

I want you to know about this Saviour: That's what I'm here for. I want you to know His purpose, His aim. This is what I'm trying to get over to you.

Mr. Yacub, this Black scientist, maker of the white man was no fool by any means, just because He made an enemy for us. This made us still greater, to know that in us was the germ of a whole race of people that we could form and teach them and then to make them rule the teacher for a certain period of time until we could produce one greater than him.

Today our subject is, "A Saviour is born." A Saviour out of the germ of the un-human family, made partly from the race of Yacub and partly from His own, just for the purpose to save you and me.

Saviour's Day, it's rightly called... That we are so beloved that we are so great.

this woman and the first child that she bore for Him was a girl. He (His father) said "Oh, I missed that time." So He made another try and that was Him (the Saviour). And He was so careful of Him, that He had to be sent among the Western people, the Caucasian people. Of course Caucasian is their name too, but their real name is the devil.

It is not mockery for me to stand here and call this people devils because that's what they are. If any mockery should be done it should be done to us. If what we have made or created then the God of the Black man would be responsible for the mockery. They didn't make themselves

we made them. You have no right to be saying that your son is no good for if you made it no good don't blame that that you made no good for being no good.

You have it in the Epistle of Paul in the Bible. He says there, concerning this same subject: We can't say that there was a mistake made if one from us made an enemy for us. We don't go after his product we go after his maker. We are the only created people here on earth.

Black man is a created man and the man that is called white is a made man from the Black man. So, since the white people were made from the Black people and now what was the purpose? It was the

The Filth That Produces The Filth.

Holy Quran (7:27) O children of Adam, let not the arch deceiver seduce you, as he expelled your parents from the garden, pulling off from them their clothing that he might show them their shame. He surely sees you, he as well as his hosts, from whence you see them not. Surely We have made the devils to be the friends of those who believe not.

This happened to the Black People who followed Yakub from Arabia. He pulled off, from their original Self, the clothes of Righteousness and the clothes to cover their shame; and then made them to go nude in the hills and cave-sides of Europe, until the birth of Moses. You are warned. You believe you are safe in following the invitation to evil and filth of the white race. Wait and see.
