

Black Man Must Unite With His God and People!

THE HANDCLASP OF UNITY of the Black brotherhood of the Nation of peace (Islam) is extended in the home of the Honorable Elijah Muhammad between the Messenger of Allah and members of the Southern Christian

Leadership Conference (from left) Andrew Young, Hosea Williams, Mr. Muhammad, Ralph Abernathy, and Bernard Lee. "We are not brothers until we love for our brother what we love for self."

(From the Holy Quran)

The unity of the Black brotherhood of the Black Man in America is worth more than gold and silver, for disunited wealth will have no value in a disunited people.

TO MAKE strong and invincible the leadership of the Black Man of America, whose parents were once slaves, are the foundational stones to build a Nation to guide all Black Men of the earth.

It is the promise of the Divine Supreme Being, to give universal rulership to the Lost and Found Black people (read your Bible and Holy Qur-an).

The Black Man of America cannot be made a strong Nation with the recognition of the Nations of the earth, without complete love for Black self first. The Black Man of America must have unity of leadership (or be behind one for all), as the prophecy of the Bible teaches us in those days (the separation of Nations), God Will choose one shepherd for them all (Bible and Holy Qur-an). This is the Divine Work, and we think it is just right, after being divided up by the devils into divisions and getting nowhere but cementing ourselves in the power of the white man, whom God Came to deliver us from.

THERE IS a great percentage of Black people here in America who want to enjoy Black brotherhood, but not independent self. They want the white man to remain in power and let them live under his power without any responsibility upon themselves to care for themselves and kind.

Not wanting to take our own responsibility means that we do not want to be free of the power of the white man. This desire for others to take our responsibilities classifies us as a very, very lazy and

unwanted people by the Nations of the earth.

THE STEPS that the Muslims are making with their Divinely appointed leader, Elijah Muhammad, are the first examples of self help that have ever been made in the United States of North America, by the Black Man, up from slavery.

Mr. Muhammad goes to the essential root for self help (farming). This back to earth movement puts the product in the hand that is most essential to becoming self-independent.

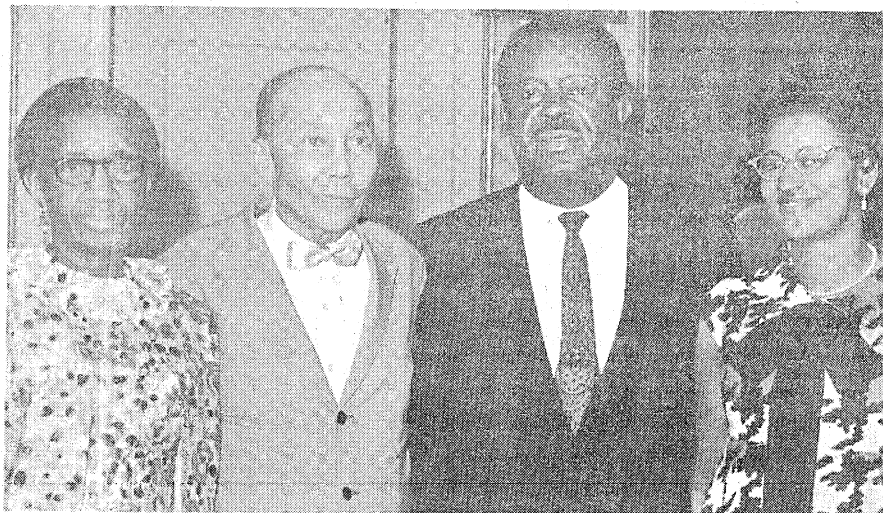

Mr. Muhammad's plans and guidance for his followers does not stop at the

farm, but he moves this power into the cities to there set up businesses backed by farming products.

PRODUCING your own food; producing your own cotton and wool for your clothing; and producing your own clay and timber for building your homes, with the unity of his followers, are some of the greatest steps that have been taken.

All Black leaders in America should unite with Mr. Muhammad and make this a gigantic, national movement for self responsibility.

Will you also clasp hands on Black brotherhood with Mr. Muhammad?

THE HONORABLE ELIJAH MUHAMMAD and his beloved wife, Sister Clara Muhammad, pose with Southern Christian Leadership Conference leader the Rev. Ralph Abernathy and his gracious spouse during an historic meeting in the home of

the gentle leader of the Nation of Islam. Messenger Muhammad, the only Divinely Missioned leader of the 22 million Black captives in America, has consistently called for unity in the struggle for freedom, justice and equality in America.
