Re: Klan Boycott of Muslims

Black Devil:

You Black Muslims claim that you will take America away from us Whites by 1970, but you are dead wrong. Instead, I am going to put you Congo jungle bunnies out of business in 1961, or by the end of 1962 at the latest. We Christian Knights cannot tolerate a mob of black infidels in White America. America was discovered, settled and developed by White men for their own White posterity only and you stinking niggers have no place in this Whiteman's country. Your ape ancestors were brought over here as slaves only for the purpose of picking cotton. Now that we have mechanical cotton pickers, we don't need you coons any more.

You know I can put you Black Muslims out of business because my secret agents are mobilizing Christian darkies against you infidelic niggers. I pressured the Pittsburgh Courier into dropping your weekly column and I forced them to fire their managing editor for being too friendly to you. I have hired many niggers to put pressure on The Chicago Defender, The Afro-American and other nigger papers to expose you and scare Christian darkies away from you Muslims.

Behind the scenes, I have pulled strings to get White newspapers and magazines to expose you black infidels. Bask in that publicity while you can, because the purpose of it is to set you Muslims up as clay pigeons. Then, it will be easier for me to get the cops to prosecute you. I will fill the jails with Black Muslims.

We Christian Knights of the Ku Klux Klan don't like the way you Black Muslims have come into our White city of Atlanta to establish your mosque and open a grocery store. We know that you Black Muslims are rapidly taking over New York, the world's largest city, but Atlanta belongs to us Whites and we will never surrender it to you cannibals. That's all niggers are, cannibals! Savages from the jungles of Africa. Most Atlanta niggers are staying in their place, so we want you Muslims to leave them alone.
