

THE SHA

(The following article is reprinted by popular request from the Jan. 12, 1973)

THE TITLE of this article is taken from Chapter 99 of the Holy Qur'an. THE SHAKING, refers to what comes upon the wicked disbelievers and the wicked world, in the Day of Judgment.

I QUOTE, to you the first five verses of Chapter 99. It reads like this:

1 When the earth is shaken with her shaking,

2 And the earth brings forth her burdens,

3 And man says: What has befallen her?

4 On that day she will tell her news,

5 As if thy Lord had revealed to her.

THERE ARE consistent warnings by both the Bible and the Holy Qur'an that there will be earthquake in the Judgment.

THE EARTH does not have any burden, for all that the earth has is of herself. There is no added thing to the earth which would constitute a burden, even if we compare her 'burden' as being the wicked.

The earth also produced the wicked. So how can we say that the earth has a burden? But, maybe the earth does have a burden which she has been carrying and which does not belong to her — a burden that should not be on her — for this burden only refers to the wicked.

THE 1ST VERSE prophecies of the SHAKING. "When the earth is shaken with her shaking..." This refers to earthquake and it cannot be interpreted as referring to the wicked.

AS THE EARTH shakes herself, she brings down upon herself the destruction of the wicked, upon her. The earth was not created to carry the wicked, because the Originator Who Created the earth did not Create it with the present wicked race of people.

The white race, is a made race of people, who did not come with the originating of the earth, by the Originator. If we take it physically from what is said to be her burden—she originally did not have these white people on her, even though they are made to grow out of her, they are still an added burden upon her.

IN THE 4TH VERSE we read: "On that day she will tell her news." What is her news that she has to tell on the Judgment Day?

Read the commentator's footnotes, 2786 and 2754, of the Holy Qur'an which says that in her SHAKING, the earth brings forth her treasure that was hidden from our eyes. Probably, there is much treasure in the earth that the scientists have not found or have not learned about.

But, if we say that this may be the treasure that she holds, it would compare to the making manifest on that Day of what is hidden in man; man himself did not know what was in him.

IN THE RESURRECTION, both the Bible and the Holy Qur'an prophesy of the manifestation of us, and what is in us, whether good or evil—it will be made manifest.

VERSES 7 and 8, Chapter 99 refer to the good that is in man and the evil that is in man—that on the Day of Resurrection or Judgment although it may be the weight of an atom or less, it will be made manifest.

The earth quaking itself and bringing about the destruction of that which we have built upon her surface, could be referred to as her weight. SHAKING not only refers to earthquake, but it also refers to man becoming excited and fearful, so much so that he, also, is SHAKING.

IN THIS DAY and time we are having the shaking of the earth. This SHAKING will continue until

there comes a great earthquake, greater than any earthquake that man has ever seen. The Bible and the Holy Qur'an both, prophesy of this great earthquake.

The Bible says that there was a great earthquake and every city of the nation, fell. Allah (God) Desires to Make all things new, therefore, this means the destruction of the old.

We are having earthquakes now, in all parts of the earth, wherever the wicked are found. It means the end of the present world. Look at Italy, the home of the Pope! See how Allah (God) is rocking Italy with earthquakes and storms and with fear and excitement.

Why are all of these things happening? It is because Allah (God) Disapproves of any god being worshipped besides Himself. The Holy Qur'an teaches that on that Day, Allah (God) Tells those who worship gods other than Allah (God)—to bring forth whom they believe is god. Allah (God) Must Get Rid of the false teachings and the false belief, as taught by many people of the earth.

TAKE FOR EXAMPLE the Christians who teach of a god who does not exist. They say the god is in space somewhere. Then they say God is not a man. If God is not a man, then what does He care about man's affairs?

No beast and fowl of the air cares about the affairs of man; only man cares about the affairs of man. Allah, who is a man, is very interested in man's affairs.

"WHEN the earth is shaking with her shaking." This strictly refers to earthquake. Since the wicked are living on the earth that was created for the righteous, and not for the wicked, then Allah (God) Makes the earth to act like a man that is burdened with a burden that does not belong to him. It is not his burden so he casts the burden down
