The Woman In Islam

By Margary Hassain

THE WOMAN IN ISLAM, forever gives Holy Praises to Allah (God) Who Came in the Person of Master Fard Muhammad. She forever thanks Allah (God) for His Messenger Muhammad.

THE HEART of the WOMAN IN ISLAM, is ever filled with Holy Pride, humility and Thanksgiving, concerning everything of her Religion, Islam. She carries this peace and happiness, as though it were a high-flying banner, wherever she goes. Her light is seen by all the world. It especially lights the life of her husband and children. She is pleased and ever strives to please them, also. Her life and their life becomes a heaven.

MESSENGER MUHAMMAD teaches us the importance of our actions and our behaviour, for in them we create our own heaven or hell. He teaches us profound and simple wisdom, freely, which the world cannot buy at any price. It is the free gift to we, who were Lost and are now Found . . . the so-called Negro of America.

MESSENGER MUHAMMAD brings us the Divine Law of Islam, which reveals to us the Love and Care which Allah (God) Has for us, that we may live and not die. It is our all-encompassing protection. We rejoice in the Law. The Law of Islam was made for us. Messenger Muhammad teaches us that the reason it is so natural to us, is because it is the Law in which we were created. The Law of Islam serves us. The law of Christianity bound and burdened us. We suffered and served the law of Christianity and still could not have peace and fulfillment.

HOLY QURAN, CH. 28:48, "But (now) when the Truth has come to them from Us, they say: Why is he not given the like of what was given to Moses? Did they not disbelieve in that which was given to Moses before? They say: Two enchantments backing up each other! And they say: Surely we are disbelievers in both.

49 Say: Then bring some (other) Book from Allah which is better guide than these two, I will follow it—if you are truthful.

50 But if they answer thee not, know that they only follow their low desires. And who is more erring than he who follows his low desires without any guidance from Allah? Surely Allah guides not the iniquitous people."

ALL PRAISES to Allah (God) for His Divine Law of Islam and His Divine Administrator of His Divine Law, Messenger Muhammad.

MUHAMMAD

By Tynetta Deanar

NEBUCHADNEZZAR AND THE GREAT IMAGE which was interpreted to him in the time of Daniel came as a sign of what was to take place thereafter. From the beginning reign of the Gentile Kingdoms down to the last day, the image seen in the dream of the King and interpreted to him by Daniel represented four great beasts and a corresponding metal.

HOW PERFECTLY timely and accurately revealed was the great article by Messenger Muhammad on the subject of **Steel** as the symbolic metal that played the most significant part in both the procreation and terminal stages of the last Great Gentile Kingdom to rule the earth.

It is this image as described in Daniel 2:31-45, and in particular the feet and the toes 'partly of potter's clay and partly of iron,' which brings home to us most significantly the previous writings of Messenger Muhammad on the great part that **Steel** has played in the prefiguration of that last great kingdom seen in the king's dream as the last great beast in the Book of Daniel.

In 1961, the first edition of the Book, All the Kings and Queens of the Bible, by Herbert Lockyer, went into print with an awakening statement regarding the Image interpreted by King Nebuchadnezzar. We must not fail to connect what has been written by the scholars and what has been written and revealed by Messenger Muhammad on the same subject.

MR. LOCKYER WRITES: "The last metal mentioned, "iron," is more perishable, more easily corroded or rusted than brass, silver or gold, but in the form of steel is harder and cuts through any other metal." And finally he concludes: "As the toes are at the end of the image they indicate the last and final stage of Gentile dominion."

The equation or problem then reads: Iron is to **Steel** as the toes are to the feet; the unnamed Kingdom is equal to the power of Steel.

Avows Behavior of Messenger's Followers Is Clear Argument for Faith in Islam

By Leo P.X. McCallum

The Muslim finds it very difficult to understand why every Black man and woman doesn't get behind the Honorable Elijah Muhammad once they are exposed to this great truth which is Islam

WHAT'S WRONG with our people that they can't see the wisdom and the power that has not only lifted the Honorable Elijah Muhammad far beyond the level of any ordinary man, but has additionally so changed the life and behaviour of us who follow him that our friends and family look upon us with respectful wonderment?

Dr. Leo

Islam is a crystal clear argument. It stands on an unmovable rock: it is an irrefutable testimony to the existence and power of God that inexorably brings us into the knowledge of Allah as that God and the Honorable Elijah Muhammad as His present Messenger. But we must be patient, for by watching and trying to emulate our leader and teacher we learn that indeed patience is needed for we too (the Muslims) have reached our present frame of mind only through the mercy of Allah and the patience of His Messenger.

Far too many so-called American Negroes are indeed hard-hearted, rebellious, largely uncivilized people. Listen to his language. Every third word is m--- f--- or the like. Even the small children use profanity as though it is a school-taught language. And when we stop to think about it, it sometimes seems that the only thing some of our children learn in school is profanity

The Honorable Elijah Muhammad has characterized America as a wilderness. Who inhabits the wilderness? That's right—savages and wild beasts! What is a savage? The Honorable Elijah Muhammad teaches us that a savage is a person who has lost all knowledge of himself and is living a beast life. Sound familiar? It should, for the average so-called American Negro is so far from a knowledge of himself that he wouldn't recognize his native language if it were put before him in box car letters. Now brother don't give me that old stuff about your native tongue is English when we both know you're no Englishman and English is the native language of white folk. And how about your name? Uh-huh, that's a lost cause too! Long gone, right? Who lives any more of a beast life than our people?

They prey off of one another like jackals and carry all manners of weapons that they will brandish for the kill at the least provocation.

But all of this is changed when you turn to the God that the Honorable Elijah Muhammad is representing to us—our God, Allah; a true and living God Who came in the person of Master Fard Muhammad to Whom all praise is due. A God that is not sitting on a throne somewhere in the great beyond, inaccessible to our pleas and oblivious to our cries. No Sir-ee. We can't use that kind of God for that's the kind of God old Rev. gave to us in Christianity and the only thing we got from such a mystery God was beat, killed, naked and out of doors.

Now we turn to one another and say brother and sister and mean it. In fact, haven't you taken note that today all Black people who are trying to get together in some kind of unity automatically begin to adopt the phrase brother and sister? Now let's face it when a white man or woman walks amongst you saying "we are all brothers and sisters" it doesn' even sound right does it? It just seems to have a false ring to it. You might say it just doesn't emerge with "soul."

Once you begin to walk beneath the protective umbrella of Islam that Almighty God Allah has given to the Honorable Elijah Muhammad to raise above our heads, we walk proudly and quickly. Our pace picks up, our footsteps quicken, our eyes shine with the unquenchable fire of knowledge, wisdom and understanding for all to see.

Seek Blacks for Urban Planning

The American Society of Planning Officials (ASPO), a professional service organization, has initiated a drive to recruit members of minority groups to aid in planning tomorrow's cities.

GILBERT "TONY" WILSON, recently hired Black recruitment director, noted that his office intends to do something about getting his brothers and sisters into the business of urban planning.

He pointed out that Blacks currently comprise 1 per cent or less of total city planners in America. Yet, six out of every 10 Black people live in the cities today. Wilson added that he will also be working to bring Spanish-speaking people into the urban planning field.

"We are presently in the process of searching for qualified individuals," Wilson advised "Through encouragement and serving as a liaison, ASPO hopes to be able to place Black and Spanish-Americans into educational and professional programs."

JOBS AVAILABLE under the ASPO program include such occupations as "design planner and landscape architect in the Little Rock, Arkansas area. In California, "assistant planner, $8,352-$10,140, depending on qualifications.

The above jobs call for a degree in urban planning or landscape planning, or a willingness to learn from the beginning. ASPO directors are aware that members of the Black and Spanish-speaking communities do not generally study in these fields.

There are numbers of jobs in the field in every state in the union. Some call for experience or training in urban, landscape and related planning while others require knowledge in drafting, etc.

Wilson can be contacted by writing Mr. Gilbert Wilson American Society of Planning Officials, 1313 East 60th Street Chicago 60637. The telephone number is (312) FA 4-3400 X10 His office will forward additional information.
